Final Note by the Third Member of C

Subject:— Grant of a loan of Rs.5,000 to the City Institute, Bangalore.

The Honorary Secretary of the City Institute, Bangalore, has applied on behalf of the Managing Committee for a loan of Rs.5,000 on the security of the Institute buildings. The City Institute is one of the earliest social clubs in Bangalore and the site on which it now stands was granted to it by the Government in 1904. It is stated that in order to construct the building a debenture loan of Rs.7,050 was raised in 1905-1908 and subsequently renewed in 1920. The liability on this account is stated to be Rs.4,500 which is due for discharge in August 1930. To meet this liability and to make certain necessary improvements to the building, the Secretary of the Institute has applied for a loan of Rs.5,000. The Financial Secretary is of opinion that the loan asked for may be granted on the following conditions:-

(1) The loan should carry interest at 5½ per cent per annum;

(2) It should be repaid in 10 yearly instalments of Rs.500 each, besides interest;

(3) On failure of payment of any instalment the whole loan outstanding with interest due will be liable to be recovered in a lump-sum;

(4) There should be an agreement that the amount due to Government may be recovered under the provisions contained in Section, 193 of the Land Revenue Code;

(5) The Deputy Commissioner's certificate that there is adequate security for the loan should be obtained.

The Deputy Commissioner, Bangalore, from whom a report was called for, states that the value of the building is about Rs.15,000 and that of site is about Rs.12,000, and the loan asked for by the Institute may be granted.

As the security offered is quite adequate, the loan may be granted on the conditions above proposed by the Financial Secretary. The Dewan and the other Members of Council have agreed to the proposal and I solicit His Highness' gracious sanction thereto.

Sir,

I am directed by the Managing Committee of the City Institute to submit the following representation for the kind consideration of Government:-

The City Institute is one of the earliest institutions in Bangalore -in fact the earliest in - the City- providing facilities for social converse, for recreation and for mutual improvement, by means of newspapers, periodicals, lectures, discussions and the like. It is situated in a central locality in the Southern Extension of the City and - within easy reach of the living quarters there. It was started in November 1901 in a house in - Chamarajpet, with an initial strength of 8 members. In February 1904, the Government granted to it its present site, and the present building was erected thereon during that year and was occupied in December.

A legal status was then obtained for the Institute, by its being registered under the provisions - of Regulation No.III of 1904, for the enactment of which the Institute was to a certain extent responsible. With the removal to the new building, and

Sir,

I am directed by the Managing Committee of the City Institute to submit the following representation for the kind consideration of Government:-

The City Institute is one of the earliest institutions in Bangalore -in fact the earliest in - the City- providing facilities for social converse, for recreation and for mutual improvement, by means of newspapers, periodicals, lectures, discussions and the like. It is situated in a central locality in the Southern Extension of the City and - within easy reach of the living quarters there. It was started in November 1901 in a house in - Chamarajpet, with an initial strength of 8 members. In February 1904, the Government granted to it its present site, and the present building was erected thereon during that year and was occupied in December.

A legal status was then obtained for the Institute, by its being registered under the provisions - of Regulation No.III of 1904, for the enactment of which the Institute was to a certain extent responsible. With the removal to the new building, and

provision

provision of facilities for out-door games, the Institute gained in popularity. It was the premier club of the City, and its membership was as high as ninety-eight in 1915. - Owing to other distractions however, there was a fall in its membership subsequently. But now it has regained in strength and has over eighty members on its rolls.

To meet the capital expenditure in connection with the erection of the building and its equipment, a debenture loan of Rs.7,050/-, was raised in three instalments during the years - 1905-1908. The first of these loans was due to be discharged in 1920. To meet this liability a fresh loan at an enhanced rate of interest, namely 5½ %, was floated. Out of the - amounts realised by the new debentures taken up, a portion of the old loan was discharged, and a considerable portion yet remains due. The total liability of the Institute on this account to-day is Rs.4,500/-, which falls due in August 1930.

Besides discharging the loan, the Institute has to find funds for making certain necessary - improvements to the building and increasing the accommodation thereon, which is estimated to cost about Rs.4,000/-.

The total sum that the Institute will thus need is nearly Rs.8,500/-. Of this it will be - possible to find Rs.3,500/-, from the available cash balance. The remaining sum of Rs.5,000/-, has necessarily to be raised as a loan.

The

The Committee has been authorised by the General Body of members to approach the benign Government of His Highness the Maharaja of Mysore with an appeal for the grant of this loan. The Committee undertakes to offer the building as security and to repay the loan in a period of twelve years.

In support of this application I am to invite kind reference to the following facts:-

(a) the Institute is one of the earliest social clubs in Bangalore,

(b) its location is best suited for this purpose;

(c) it has not up-to-now had any financial help from the Government;

(d) similar institutions -even of a later origin- in the State are understood to have been favoured with either a free monetary grant or a loan or both; and

(e) if the Institute cannot get the loan it now asks for, it will be greatly handicapped, and the useful service it is rendering to Society will be very much hampered.

Therefore, on behalf of the Committee, I request that the Government may be pleased to grant the City

Institute

Institute a loan of Rs.5,000/-, on the terms above set forth.

I have the honour to be,

Sir,

Your most obedient servant,

To
The Chief Secretary
to the Government of His Highness
the Maharaja of Mysore, BANGALORE.

Sir,

With reference to your letter No.G.380/G.M.127-29-4 dated the 11th instant to the Deputy Commissioner, Bangalore, intimating that the Government is willing to give on certain conditions the loan of Rs.5,000/-, asked for by the City Institute and enquiring if the Institute is willing to agree to those conditions, I am directed by the Executive Committee of the Institute to state as follows:-

The Committee is extremely thankful to the Government for the offer of the loan and is agreeable in the main to all the conditions. In regard however to the rate of interest and period of re-payment, the Committee earnestly request that the rate of interest may be reduced to four per cent as in the case of the loan to the Century Club, or in any event to four and a half per cent, and the period of repayment extended to fifteen years, the principal and interest being made re-payable in equal annual instalments.

The small margin between receipts and expenditure of the Institute does not permit of more than Rs.500/-, being paid as the annual instalment inclusive of principal and interest; and to limit our obligation to this figure it is necessary to have a lower rate of interest than five and a half percent and a longer period for repayment than ten years.

The

THE BANGALORE CITY INSTITUTE,
FORT, SOUTH GATE.

The annual instalments for re-paying Rs.5000/- at different rates of interest within ten and fifteen years are as follows:-

The Committee request that the loan may be kindly granted subject to the modified terms above suggested. To avoid delay this reply has been sent direct to Government and a copy of this has been sent to the Deputy Commissioner.
